COMPANY PROFILE

Guangdong Invitop Technology Co., Ltd. is a technologically innovative enterprise focusing on home appliance aesthetics. Established in 2011, Invitop is located in Zhongshan City, the central area of the "GBA", a national strategic development center. Our company currently owns a staff volume of 600, a production workshop area of 25 thousand square meters, and 12 automatic production lines. In terms of production line construction and quality control, the factory strictly abides by the ISO9001 standard, and perfectly guarantees an annual capacity of 6 million units and a sales volume of RMB 8 hundred million in 2021.

INVITOP focuses on product research and development, insists on original design, and takes product details to the extreme. Our products research covers Environment, Kitchen and Refrigeration appliances. INVITOP has independently cultivated a team of 120 people with great research and development capabilities, which can meet the development needs of customers for various OEM home appliances, and continue to make technological breakthroughs and creative extensions in the field of product research and development.

COMPANY CULTURE

- Vision: Joyful life with design
- Mission: Connect 1 billion users with products in the next 10 years

AIR PURIFIER SERIES

Mars

Redefined the exterior design of an air purifier,
Sensation of future and technology overturns people's stereotypes
to any ordinary air purifiers on the market.

Our inspiration came from the vast starry sky - the pureness of space.
For decades, human beings have been constantly exploring and looking for
another planetary home in the space.
The transparent spherical dome of Mars, inspired by astronaut's helmet,
encloses the purest oxygen.
Experience the pureness and freshness of oxygen when Mars is turning on.
Brings a comfortable, safe and non-toxic living environment.

With hand place upon the transparent dome, sensor in the purifier is triggered,
The halo ring lights up indicating that the purifier is starting to sanitize the air,
At the same time, the well-designed intuitive interface shows up on the screen.

Purifier is equipped with intelligent control module that consistently monitors the
air quality, Rapidly react to harmful toxin in the air and triggers corresponding
purifying functions.

Auto-off when water is full

DEHUMIDIFIER SERIES

Q4

Dehumidifier designed based on semiconductor condensation technology,
Split body design for users' ease of water refills and cleaning,
Transparent water tank shows the water level directly.

Auto shut-off with light coming on
when water tank is full to guarantee users' safety,
packed with with night light function from a single push button.

Q4 Dehumidifier Series

Size: 153x153x240mm
Weight: 1.17kg
Input: DC-9V
Power: 23W
Color: White/OEM color
Volume: 1.1L
Working capacity: 300ml/D
Coverage area: < 15m²

Touch operation
Small and exquisite
Seven colors light
Auto-off when water is full
Noise is below 35dB

 Coverage area: $< 20\text{m}^2$

PHYSICAL DEHUMIDIFIER SERIES

TOP-X

Circulate and reuse,
dehumidifier with such capability is the leader in this new time,
Efficiently absorbs the excess moisture
in the air utilizing high quality hygroscopic molecules,
Keeping the environment dry and comfortable.

Hygroscopic molecules automatically turn from orange
when they are dry to green once saturated with moisture,
making it simple to tell the condition.

Body of the humidifiers are surrounded by slots
that absorbs moisture from all angles,
thus ensuring a high dehumidifying efficiency.

PTC ceramic heating element quickly dries the dehumidifier for reuse,
long lasting dehumidifying for 7-15 days, Most suitable dehumidifier
for small compartments such as closets, drawers, car trunks, etc.

TOP-C

Physical Dehumidifier Series

Size: 107x107x270mm Voltage:
 Weight: 0.781kg AC100-120V 50/60Hz
 Power: 45W AC220-240V 50/60Hz
 Coverage area: ≤5m² Working capacity: 65ml/cycle

With indicator light
 Rechargeable and recycled more than 300 times
 Quick recovery after 2 hours
 Automatic power off

TOP-Y

Physical Dehumidifier Series

Size: 107x107x270mm Voltage:
 Weight: 0.95kg AC100-120V 50/60Hz
 Power: 45W AC220-240V 50/60Hz
 Coverage area: ≤5m² Working capacity: 100ml/cycle

With indicator light
 Rechargeable and recycled more than 300 times
 Quick recovery after 2 hours
 Automatic power off

TOP-F

Physical Dehumidifier Series

Size: 107x107x270mm Voltage:
 Weight: 0.83kg AC100-120V 50/60Hz
 Power: 45W AC220-240V 50/60Hz
 Coverage area: ≤5m² Working capacity: 100ml/cycle

With indicator light
 Rechargeable and recycled more than 300 times
 Quick recovery after 2 hours
 Automatic power off

TOP-Z

Physical Dehumidifier Series

Size: 107x107x270mm
 Power: 45W
 Voltage: AC100-120V 50/60Hz
 AC220-240V 50/60Hz
 Color: White/OEM color
 Material: Flame-retardant ABS plastic
 Absorbent material: Silica gel
 Working capacity: 100ml/cycle
 Coverage area: <math><5m^2</math>

TOP110Y

Physical Dehumidifier Series

Size: 460x35x215mm
 Weight: 0.31kg
 Color: White/OEM color
 Absorbent material: Silica gel
 Working capacity: 60ml/cycle
 Coverage area: $\leq 5m^2$

Flame-retardant ABS plastic
 Put the Silica gel bags into microwave for 3-5 minutes to renew it when the indicator is in pink color

TOP400

Physical Dehumidifier Series

Size: 165x100x45mm
 Weight: 0.44kg
 Power: 22W
 Coverage area: 0-5m²
 Material: Flame-retardant ABS plastic
 Absorbent material: Silica gel
 Working capacity: 150ml/cycle
 Voltage: AC100-240V 50/60Hz
 Color: White/OEM color

With indicator light
 Flame retardant ABS plastic
 Rechargeable and recycled more than 300 times

TOP500

Physical Dehumidifier Series

Size: 174x114x50mm
 Weight: 0.57kg
 Power: 20W
 Coverage area: 0-5m²
 Material: Flame-retardant ABS plastic
 Absorbent material: Silica gel
 Working capacity: 150ml/cycle
 Voltage: AC100-240V 50/60Hz
 Color: White/OEM color

With indicator light
 Flame retardant ABS plastic
 Rechargeable and recycled more than 300 times
 2 pieces of PTC heating fin

HUMIDIFIER SERIES

Olina

Impressive appearance at your first glance,
Inspired by Sisyphus' boulder rolling, creative Sisyphus figure at the bottom left,
Distinctively different from traditional design, vivid and inspiring.

Simple water refill by sliding open the top lid.
Fully disassemble capability simplifies the cleaning process,
hidden large air intake to ensure proper mist movement,
Precise mist volume control humidifies the air without damping the furniture.

As low as 30dB when humidifying the air,
creating the perfect environment for your sweet dreams.

Soft blue glowing ring design turns into bright orange to remind you
for a refill while the humidifier enters into stand-by mode,
Double protection mechanism to shut off humidifier automatically
when water level is low.

Olina

Humidifier Series

Size: 320x170x320mm
Weight: 2.7kg
Color: White/OEM color
Voltage: AC100-240V 50/60Hz
Power: 25W
Volume: 3L
Humidification capacity: 200ml/h
Noise: <35dB
Coverage area: ≤40m²

High/Mid/Low mode
Night light
2/4/6h timer
Auto-off when water runs out
Aromatherapy box design

Oran

Humidifier Series

Size: 320x112x344mm
Weight: 2.3kg
Color: White/OEM color
Voltage: AC100-240V 50/60Hz
Power: 25W
Volume: 4L
Humidification capacity: 200ml/h
Noise: <35dB
Coverage area: ≤40m²

High/Mid/Low mode
Night light
Auto-off when water runs out

Olivia

Desiccant Humidifier Series

Size: 253x253x375mm
 Weight: 4.96kg
 Volume: 5L
 Input: DC-12V
 Humidification capacity: 260ml/h
 Power: 12W
 Noise: ≤35dB
 Coverage area: ≤35m²

Touch operation
 Humidity and temperature display
 Easy to clean
 Water level monitoring
 Top filling

Kilo pro

2 in 1 Humidifier & Air Purifier

Size: 195x195x553mm CADR: 130m³/h
 Weight: 2.6kg Humidification capacity: 150ml/h
 Power: 23W Volume: 1.9L
 Input: DC-24V Coverage area: ≤16m²

High/Mid/sleep mode
 2/4/8h timer
 Seven colors light
 With remote control
 Warn to replace filter after working 2200h

Kalo pro

2 in 1 Humidifier & Air Purifier

Size: 195x195x553mm CADR: 130m³/h
 Weight: 2.6kg Humidification capacity: 150ml/h
 Power: 23W Volume: 1.9L
 Input: DC-24V Coverage area: ≤16m²

High/Mid/sleep mode
 2/4/8h timer
 Seven colors light
 With remote control
 Warn to replace filter after working 2200h

Miro pro

2 in 1 Humidifier & Air Purifier

Size: 195x195x555mm CADR: 130m³/h
 Weight: 2.6kg Humidification capacity: 150ml/h
 Power: 23W Volume: 1.9L
 Input: DC-24V Coverage area: ≤16m²

High/Mid/Low mode
 Night light
 2/4/8h timer
 Warn to replace filter after working 2200h

PRO-4

Humidifier Series

Size: 250x117x218mm
Weight: 1.42kg
Color: White/OEM color
Voltage: AC100-240V 50/60Hz
Power: 21W
Volume: 2.2L
Coverage area: <20m²
Humidification capacity: 200ml/h

High/Mid/Low mode
With water level indicator light
Auto-off when water runs out

PRO-5

Humidifier Series

Top Invention Top Life

Size: 318x150x290mm
Color: White/OEM color
Power: 21W
Voltage: AC100-240V 50/60Hz
Volume: 5L
Weight: 2.1kg
Coverage area: <40m²
Humidification capacity: 300ml/h

High/Mid/Low mode
With water level indicator light
One button operation
Auto-off when water runs out

CL-1

Air Cooler Series

Size: 199x154x175mm
Weight: 1.2kg
Input: DC-5V
Power: 6W
Capacity: 800ml

USB power supply
Two wind speeds
Low power consumption
Wind outlet adjustment
With LED light

CL-2

Air Cooler Series

Size: 264x270x777mm
Weight: 6.8kg
Voltage: AC100-120V 50/60Hz
AC220-240V 50/60Hz
Capacity: 10L

High/Mid/Low mode
Automatic swing, wide angle air supply
Anti-dust filter, fresh and worry-free
One-touch humidification
Ice crystal cooling
